

Redkite Tracker Certificate Generator

The Redkite Certificate Generator is designed to compliment and enhance Redkite Tracker. It enables the production of high quality certificates to show that you recognise and reward the achievements of your staff or those you are training.

The Redkite Certificate Generator allows you to:

- ✓ Design a unique certificate for each award incorporating your corporate logo and imagery
- ✓ Identify competence / units / training that need to be achieved in order for a certificate to be awarded
- ✓ Print certificates
- ✓ Record what certificates have been issued
- ✓ Print duplicate certificates
- ✓ Control the production of certificates

A sample certificate - all images and wording can be changed to suit your needs.

Recognising and rewarding achievement is an important motivator whether you are training your own staff or undertaking training on someone's behalf. This recognition is something that your customers and/or staff will greatly appreciate.

The Redkite Certificate Generator provides everything you need to create, generate and produce high quality certificates that will be a credit to your company.
